

All about the Nodes + the Eclipse Season July Aug 2018

with **Maggie Kerr A.A.T.**

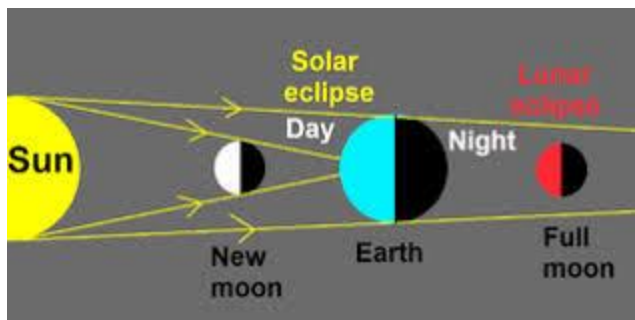

One-day seminar **Saturday 28th July 2018** on the Gold Coast

What better way to celebrate this rare Full Moon Lunar Eclipse in Leo/Aquarius on July 28th, than to share the group energy with a workshop day together!

The relationship between the 'destiny points' that arise from the Nodes of the Moon and the twice-yearly Eclipse seasons create major evolutionary portals.

During our day we will cover:

- Quick look at the mechanics of The Lunar Nodes & their origins from Vedic or Indian Astrology
- The Nodes as past karmas via South Node ☾ and current growth via North Node ♀
- Using the Nodes plus the Moon to access Soul DNA and past life memory
- The 18.6 year cycle of the Nodes as life destiny decision points
- The Nodes through the 12 Zodiac signs
- The relationship between the transiting Nodes and Eclipse Cycles
- The potential of July and August Eclipses and their previous cycles historically

Our next Eclipse Season brings THREE powerful trigger points!

July 13th Solar Eclipse 20 deg Cancer – opposite Pluto in Capricorn

July 28th Lunar Eclipse 4 deg Leo/Aquarius – Mars on the Moon & square Uranus in Taurus

August 11th Solar Eclipse 18 deg Leo square Jupiter in Scorpio

All welcome at any level of Astrology. You may order recordings of the workshop if you cannot attend.

Don't forget to bring your chart, as I will offer personal insights as opportunities arise!
